EDUCATION

D.K.T.E Textile and Engineering College, Ichalkaranji

Nov 2022 - Jun 2026

CGPA: 7.17

B.Tech

Parents Association Junior College, Satara

Aug 2020 - Jun 2022

Percentage: 66.83

H.S.C

Alphonsa School, Miraj

Mar 2020

Percentage: 78.2

S.S.C.

SKILLS

Programming Languages: Java, Python, C++, C

Core Courses: Data Structure and Algorithm (DSA), Object Oriented Programming (OOPS), Operating Systems, Database Management Systems (DBMS), Machine Learning (ML), Natural Language Processing (NLP)

Tools: Github, VS Code, N8N, SpringToolSuite, JIRA, Google Colab

Soft Skills: Communication, Collaboration, Problem-Solving, Project Management, Adaptability

PROJECTS

KrushAI: AI-Powered Smart Farming Assistant

[Web App](#)

Python, Streamlit, TensorFlow, Scikit-learn

Ongoing

- Designed a Streamlit web app to predict crop yield and recommend fertilizers with 99.55% accuracy.
- Implemented disease identification using CNN-based image classification.
- Reduced manual analysis time by 70% using automated data-driven recommendations.
- Deployed app with responsive UI for farmers' easy access.

IMT (Ichalkaranji Municipal Transport)

[GitHub](#)

HTML, CSS, JavaScript, SQL

Feb 2025 - May 2025

- Built a full-stack platform for route tracking and schedule visualization for IMT users.
- Integrated real-time bus tracking and CCTV-based safety monitoring.
- Designed admin dashboard to visualize user and bus data analytics.

Smart Review Classifier

[GitHub](#)

Python, Streamlit, Scikit-learn, NLTK, Machine Learning

Feb 2025 - May 2025

- Created NLP-based system to classify customer reviews by sentiment and category.
- Achieved 93% F1-score on test dataset using TF-IDF + Logistic Regression.
- Built a web UI for users to input and analyze reviews interactively.

POSITION OF RESPONSIBILITY

- **Secretary (AISA):** As a Secretary carried out all the roles and responsibility as well as conducted sessions for juniors and peers to pass on experience to help them learn.

ACHIEVEMENTS AND CERTIFICATIONS

- **Consistent Coder :** Maintaining a consistent daily coding practice since January 2024, focused on learning programming, also building AI Automated Agents with N8N and test open source project also contribute into them. [GitHub](#)
- **LeetCode Badges :** Keeping a steady grind since 2024, earning multiple 50-day, 100-day, and a 200-day streak medal, along with monthly badges across 2024–25. It's been my way of staying sharp and showing up every day to get a little better at problem solving. [LeetCode](#)
- **HackerRank Certified :** Almost after completing intermediate level knowledge over Languages and skills gave exam to certify myself in Software Engineer, Problem Solving, Java, SQL, Python. [Certification](#)
- **IBM Certified :** Completed IBM's "Artificial Intelligence Fundamentals" course, building a strong foundation in core AI concepts, tools, and applications [Certification](#)
- **Spoken Tutorial(IIT Bombay) Certified :** Successfully completed Java, CPP & Latex training and earned 4 credits each, enhancing core programming skills. [Certification](#)

ADDITIONAL INFORMATION

- Languages : English, Hindi, Marathi
- Interests : Anime, Gym, Reading Manga
