SUMMARY

Final-year Computer Engineering student with strong Java, SDLC, and problem-solving skills, seeking an Associate System Engineer role in enterprise software development.

EDUCATION

D.K.T.E Textile and Engineering College, Ichalkaranji

Nov 2022 - Jun 2026

CGPA: 7.30

B.Tech

Parents Association Junior College, Satara

Aug 2020 - Jun 2022

Percentage: 66.83

H.S.C

Alphonsa School, Miraj

Mar 2020

Percentage: 78.2

S.S.C.

SKILLS

Programming Languages: Java, Python, C++ , C

Core Courses: Data Structure and Algorithm (DSA), Object Oriented Programming (OOPS), Operating Systems , Database Management Systems (DBMS), Software Development Life Cycle (SDLC), Debugging, Exception Handling

Database MySQL, H2, JDBC, SQL

Tools: Github , VS Code, N8N , JIRA , SpringToolSuite, Google Colab

Soft Skills: Communication, Collaboration, Problem-Solving, Project Management, Adaptability

PROJECTS

KrushAI: AI-Powered Smart Farming Assistant

[Web App](#)

Python, Streamlit, TensorFlow, Scikit-learn

Ongoing

- Designed a Streamlit web app to predict crop yield and recommend fertilizers with 99.55% accuracy.
- Implemented disease identification using CNN-based image classification.
- Reduced manual analysis time by 70% using automated data-driven recommendations.

IMT (Ichalkaranji Municipal Transport)

[GitHub](#)

HTML, CSS, JavaScript, SQL

Nov 2024 - Feb 2025

- Built a full-stack platform for route tracking and schedule visualization for IMT users.
- Integrated real-time bus tracking and CCTV-based safety monitoring.
- Designed admin dashboard to visualize user and bus data analytics.

Payroll Management System: Secure Desktop App for HR Administration

[Github](#)

Java, MySQL, H2, JDBC

Ongoing

- Developed core backend logic for payroll processing, including employee data management, attendance handling, and automated salary calculations using Java and JDBC
- Implemented secure database interactions with PreparedStatements, role-based authentication, and robust input validation to ensure data integrity and prevent SQL injection
- Integrated H2 embedded database for lightweight local deployment and MySQL for scalable persistence, following SDLC practices with testing, debugging, and iterative enhancements

POSITION OF RESPONSIBILITY

- Secretary (AISA):** Coordinated academic and technical sessions, mentored juniors, and developed communication and leadership skills through peer collaboration

ACHIEVEMENTS AND CERTIFICATIONS

- Consistent Coder :** Maintaining a consistent daily coding practice since January 2024, focused on learning programming, also building AI Automated Agents with N8N and test open source project also contribute into them. [GitHub](#)
- HackerRank Certified :** HackerRank Certified in Software Engineering, Problem Solving, Java, SQL, and Python [Certification](#)
- IBM Certified :** Completed IBM's "Artificial Intelligence Fundamentals" course, building a strong foundation in core AI concepts, tools, and applications [Certification](#)
- Spoken Tutorial(IIT Bombay) Certified :** Successfully completed Java, CPP & Latex training and earned 4 credits each, enhancing core programming skills. [Certification](#)

ADDITIONAL INFORMATION

- Languages : English, Hindi, Marathi
- Interests : Anime, Gym, Reading Manga
